MEMORANDUM FOR: [REDACTED] Security Officer/NPIC

SUBJECT: Request for Clearances for Access  
to NRO Special Projects

REFERENCE: [REDACTED]-12967-63, 27 March 1963

25X1A

1. The Acting DD/R has returned to the Executive Assistant, DD/R, the attached requests for access approval to NRO special projects for additional staff work before he is able to render a decision. In order to provide him with the necessary information and advice, we will need to have the information set forth in the above reference particularly detailed information as to justification for "must know" in relation to the individual's position and responsibility.

2. In checking the present clearances of the personnel submitted for the additional clearances, I note that they do not all have the "C" clearance. Perhaps you may wish to consider a similar restriction on the [REDACTED] clearance particularly those in a services or publication capacity, or where both the chief and deputy of a component have been submitted for clearance.

3. The requests were delayed in reaching us due to the fact that they were submitted to the Director, National Reconnaissance Office, so may I invite your attention to the format set forth in the above reference.
